DR. JOHN BULL. SOMETHING

NEW AND VALUABLE. The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

European kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation, the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and the humble cabin, ready alike to administer relief, and to offer health and happiness to the lordry and lowly, the rich and the poor.

DR. JOHN BULL'S GREAT AMERICAN KING Is the TENTH WONDER OF THE WORLD, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, felief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the proferred Balm, deserve not the pity of their families.

This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence. To the winds with all Liniments, Embrocations, Pain

Killers, and Pain Extractors, and let millions of glad tongues proclaim the merits of the great "American King of Pain," a preparation composed solely of vego-tables and roots, produced by America's own rich and bounteous soll.

We would ask the Ladies, who are always competent We would ask the Ladies, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the king of Paia a single trial, and if satisfactory, exert their influences in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly-magical remedy for all external diseases, sores, swellings, burns, &c., and for many internal afflictions, it is a cortain cure, yet it is perfectly harmless, and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution. the weakest constitution.

It is entirely useless to follow the old and worn out system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it, and Dr. Bull stakes his well-earned reputation on the King of Pain doing all and more than he claims for it. We would ask have you the Rhemontism or Gout

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemed it, but all approve it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding the; may approve of it in the highest degree; there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physiciana,

read the following from old and respectable physiciana of high standing in the community in which they live TESTIMONY:

Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Loniaville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Earsaparilla and have no hesitation in saying that they form a safe compound, and one that promises well is chronic diseases, to which it is applicable.

I have examined the prescripti for the preparatice of John Bull's Sarsaparilla, and tion to be an excellent one, and elleve the combination to be an excellent one, and the combination of the system. I have used it both in public and private practice, and think it is the best article of Sarsaparilla now in use.

Better testimony than was ever offered in favor of any medicine. Rev. E. W. Schon—Rev. E. Stevenson:

Louisville, May 20th, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a same and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most carnestly recommend is to the afflicted.

E. W. SEHON,

(Signed) We would earnestly invite all persons who are suffering with any of the ills that stean is heir to. to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal gratis; and for the sake of humanity we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a trial after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures performed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
